WORK EXPERIENCE

Purchasing Specialist / Logistics Coordinator

August 2025 - Present

Eventscape Inc.

- Sourced materials, hardware, and subcontracted services for multi-million-dollar construction projects.
- Negotiated pricing and leveraged alternative sourcing strategies to maintain project budgets and reduce costs.
- Developed and maintained strong supplier relationships to ensure competitive pricing and reliable lead times.
- Automated procurement and administrative workflows through custom Excel templates for tracking, data entry, and document generation.
- Coordinated domestic and international shipments under tight deadlines across a wide range of materials and project requirements.
- Maintained accurate records of purchase orders, shipments, and received materials to support project tracking and cost analysis.
- Collaborated with project managers, engineers, designers, and shop foremen to meet project timelines and operational needs.
- Applied technical knowledge of material specifications, fabrication processes, and supply chain logistics to support project execution.

Warehouse Inventory Manager

Aug 2022 - Feb 2024

Loblaw Companies Limited

- Oversaw loss prevention operations across 1.2 million sq. ft. of warehouse space.
- Prevented approximately \$200K in monthly losses through inventory controls, investigations, and process improvements.
- Analyzed daily warehouse reports to monitor performance, identify trends, and support operational decision-making.
- Improved warehouse efficiency through product reorganization and inventory optimization initiatives.
- Conducted root cause analyses of major losses, implementing corrective actions across equipment, systems, and operational processes.
- Inspected inbound products for health and safety compliance, rejected non-conforming materials, coordinated with QA teams, and issued vendor chargebacks as required.
- Utilized SAP, Warehouse Management (WM), ERP systems, and Excel to manage inventory, reporting, and operational workflows.

Technical Writer

Sep 2021 - May 2022

Fairly AI

- Monitored AI innovation and competitor breakthroughs, delivering concise analysis to guide product development and positioning.
- Authored weekly SEO optimized newsletter articles, prioritizing public engagement.
- Captured and distilled key takeaways from technical meetings in the finance industry, enabling teams to align initiatives with shifting market dynamics.

Merchandising / Customer service Rep

Sep 2017- May 2021

Costco Wholesale

- Surpassed membership sales targets through effective customer engagement and needs assessment.
- Maintained warehouse signage accuracy and compliance across multiple departments.
- Supported merchandising and warehouse layout improvements to enhance customer experience and operational efficiency.

EDUCATION

Durham College

2021 - 2022

Diploma of Supply Chain and Operations Management

York University

2025 - Present

Bachelor of arts – Information Technology (Ongoing, part time schooling)
